

GoProtect SIMPLE SOLUTIONS

Grout Cleaner

High Performance remover of dirt and soiling from grouting surfaces

PRODUCT DESCRIPTION

- ⇒ A powerful and effective degreasing cleaner that will remove stubborn greasy stains and soiling from most grout surfaces.
- ⇒ Particularly effective at removing oils, soaps, detergents and body fats.
- ⇒ Fast acting and low odour

USES

- ⇒ Powerful and effective degreasing cleaner that does not alter the aesthetics of surfaces being cleaned.
- ⇒ Biodegradable and can remove organic soiling.

PACKAGING

500ml Sprayers

PHYSICAL PROPERTIES

- ⇒ Colour: Pale Yellow.
- ⇒ Odour: Characteristic Odour.
- ⇒ Physical State @ 20C °: Liquid.
- ⇒ Specific Gravity @ 20° C: 1.02
- ⇒ pH: 13.5.
- ⇒ Boiling Point [°C]: 100 °C.
- ⇒ Density: 1.0 kg/litre
- ⇒ Solubility in water [vol/vol]: Fully soluble

APPLICATION INSTRUCTIONS

'Always test apply on a small hidden portion of the substrate'

- ⇒ Shake the container well before use
- ⇒ Be careful to avoid curtains, upholstery or other materials drape into the cleaning solution as it may mark. Should this happen, immediately rinse the fabric with plenty of water.
- ⇒ Note that stronger is not necessarily better, and that cleaning solutions of this nature need time to work. Sufficient dwell time is critical
- ⇒ Apply liberally with the sprayer and allow to dwell for a minimum 10 minutes
- ⇒ During the dwell time agitation with a firm bristle brush will help especially if there is thick grime. In addition Grout line removal is assisted if a grout brush is used to agitate. Other surfaces may benefit from scrubbing using a nylon brush
- ⇒ Thoroughly rinse the surface with clean water and clean the area using an absorbent floor cleaning sponge
- ⇒ Finally towel dry as this prevents water marks being left behind as puddles dry out naturally.

COVERAGE RATE

The figures below are approximate and should be used only as a general guideline:

5-10 m² / 500 ml.

EQUIPMENT CLEANING

Immediately after you have finished, clean all tools and equipment with water.

STORAGE & SHELF LIFE

Keep in a dry place (between 5°C and 30°C).

Storage: 24 months following the production date when kept in the original unopened container.

RECOMMENDATIONS

Wear protective gloves and glasses, and appropriate clothing whilst using the product.

Do not dilute or mix with any other product.

Do not apply when surface and air temperature is < 5°C and > 40°C.

Once cleaned it is recommended to protect the surface with **GoProtect Grout Sealer**

HEALTH & SAFETY

See Material Safety Data Sheet before use.
