Product:	ALKO TOP	
Item number:	2550	
Product type:	Neutral alcohol cleaner	
Nature of the product:	Blue liquid.	
pH value:	pH-value (conc.) = approx. 6-7	pH-value (1 %) = 7
Properties:	Powerful maintenance cleaner with alcohol for striation-free care of high-gloss finished plastic, ceramic, and stone floorings. Actively cleaning, pleasantly smelling and foam-inhibited. It is suitable for floor wiping, as well as for cleaning machines. Alko Top intensively cleans on the basis of its combination of surfactants and high-grade cleaning alcohol. It is especially recommended for problematic surfaces, such as dimpled floorings, high-gloss glazing clinker and marble.	
Application:	<ul style="list-style-type: none">◆ Depending on the degree of pollution add 75 - 100 ml of Alko Top in a bucket with water (1 - 1.3%).◆ For cleaning machines, 50 - 100 ml per 10 l of water (0.5 - 1%) will be enough.◆ Do not work with hot water!	
Ingredients as per regulation (EC) No. 648/2004/EC:	< 5% non-ionic surfactants, odorous substances	
Special information:	If the product is used undiluted, it can cause light stains on coated floorings! Always keep the canister closed.	
Packaging unit:	1 l bottle, 12 pieces in cardboard box, 50 boxes per pallet 10 l canister, 60 per pallet
